Participate in the writing process and the feedback loop. This means significant revision on major writing assignments.

Proofread and edit writing assignments.

Hit our deadlines.

Complete the weekly reading and demonstrate your understanding on our discussion boards and in each genre.

Attend office hours or use the writing lab to improve your writing.

### **Discussion Posts:**

More information about the expectations for discussions and responses are posted in the "Rubric for Discussion Expectations" posted in the "Start Here!" Module, so do make sure to read that a few times and let me know if there are questions. Discussions are one of the major ways we will engage as a class and are a crucial element of online learning.

All postings should use academic language. Please see rubric and guidelines in course for more information.

This is an academic classroom with commensurate expectations. This does not change just because it is also an online classroom. Please do not use text speak (language used in text messaging) or exceedingly informal language in either discussions or emails. Remember that your audience for this class is an academic audience so aim for high standards of academic communication.

You are responsible for reading ALL posts EVERY week, both from the professor and the other students. Just like a face-to-face classroom, you are responsible for listening to everything said during class time.

Composition #2: Informative Genres

#### **METHODS OF EVALUATION / GRADING / ASSESSMENT**

For nearly all assignments, students will find an embedded rubric along with written and/or recorded feedback. Please be sure to read and listen to all feedback and apply the suggestions on future drafts and discussion boards.

### **ATTENDANCE POLICY**

The JVA attendance policy requires that you make regular process in your online content. I take attendance each Thursday for the previous week (Friday, Monday, Tuesday, Wednesday, and Thursday). There are two ways to be counted present in the course:

1. If you have a C or better (70% or higher) in class, you will be counted present for the past five days.
2. If your course average is less than a 70% but you've submitted at least two quality assignments in the last week (assignment, quiz, or discussion), you will be counted present for the past five days.

If neither of those things is true, then you will be counted absent for the past five days. Attendance is all or nothing so you are either present for the entire week or absent for the entire week. Be very careful to show regular progress in class and maintain a C or better.

In addition to the attendance expectations listed above, students are also expected to:

- Commit 5-7 hours a week, on average, per course.
- Read the lecture and check the "Grades" and "Due Dates" on a daily basis.
- Check email and Schoology/D2L messages and respond to any communication from teachers, community liaisons, counselors or school on a daily basis.
- Work on course assignments during a time of their choice. Courses are available 24 hours a day, 7 days a week.
- Abide by all attendance policies and procedures.

### **MAKE-UP / LATE WORK POLICIES / EXTRA CREDIT**

Assignments are expected on the due date by 11:59 pm. Assignments are designed to build on previous ones, so if you are late, you will not keep building on the skills. Late work will not be accepted more than a week after the due date unless an extension has been arranged and will be accepted for partial credit only. If you require an extension, please arrange that ahead of time with me.

Assignments are locked one week after the assignment due date.

Late Discussion posts will not earn any points.

Keep in mind that online classes do function a bit differently than face-to-face classes. In general, the best thing you can do is to be present as much as possible. Get in the habit of checking into the class and posting regularly. At a minimum, plan to be online three days a week. Make sure that you ask questions quickly if you are confused and stay on top of your work. The worst thing to do in an online class is to procrastinate and/or fall behind. It is crucial that you do not get behind because it is very difficult to catch up!

Students with excused absences, please see the Jeffco policy for make-up work.

### **ACADEMIC INTEGRITY STATEMENT / ACADEMIC DISHONESTY**

Academic Misconduct: Plagiarizing, cheating, or committing any other form of academic misconduct including, but not limited to, unauthorized collaboration, **recycling** essays, falsification of information, and/or helping someone else violate reasonable standards for academic behavior. Students who engage in any type of academic dishonesty are subject to both academic consequences as determined by the instructor and to disciplinary action as outlined in the RRCC disciplinary procedures.

### **CLASSROOM CONDUCT**

A positive learning environment relies upon an atmosphere where diverse perspectives can be expressed, especially in a course that focuses on social and political issues. Honest and respectful dialogue is expected. Disagreement and challenging of ideas in a supportive and sensitive manner is encouraged but hostility and disrespectful behavior is not acceptable.

When engaging in interactions online, maintain courtesy and respect toward your classmates and instructors by following appropriate *netiquette*. Refer to CCCS published guidelines for [respectful online communication](https://www.ccconline.org/ccconline-mutual-respect-policy/). (url: <https://www.ccconline.org/ccconline-mutual-respect-policy/>)

### **RRCC SYLLABUS INSERT – REQUIRED AND ADDITIONAL INFORMATION**

It is imperative that all students are familiar with the information contained in the RRCC Syllabus Insert document. In addition to your instructor reviewing the required content in class, the RRCC SYLLABUS INSERT can be found as an announcement on all D2L landing pages (where you have access to all your courses) and in the “Student Help” pull-down menu.

### **STUDENT COMPLAINT PROCESS**

If have a problem with the class, please try to resolve it with your instructor first and foremost. If a meeting does not resolve your issue, or if you do not feel comfortable discussing the matter with your instructor privately, contact Department Chair Sandra Sajbel at [Sandra.Sajbel@rrcc.edu](mailto:Sandra.Sajbel@rrcc.edu). If the Chair can't resolve your issue, your next point of contact will be Dean Mike Coste, [Mike.Coste@rrcc.edu](mailto:Mike.Coste@rrcc.edu).

### **OUTSIDE RESOURCES**

If you find yourself struggling with reading, writing, revising, or anything else in this class, please speak with me. I also encourage you to visit the Writing Center (at the back of the Library), or the [online Writing Center](#) for help outside of class.

RRCC's First Year Experience office can help you reach your academic goals as well. See the [First Year Experience](#) web page or the FYE office in The HUB for more information.

## STUDENT PUBLISHING OPPORTUNITIES

RRCC has two journals. [Claro](#), RRCC's scholarly journal, publishes students' high-quality academic work (research papers, charts/graphs, reports, reviews, websites, videos, etc.) through instructor submission. [Obscura](#) RRCC's art and literary journal, publishes original fiction, poetry, creative nonfiction, and art in all genres; work can be submitted directly at any time at [RRCCObscura@gmail.com](mailto:RRCCObscura@gmail.com).

For exciting literary events, writing contests, writing prompts, and much, much more, please follow the [RRCC English Department](#) on Facebook.

## TENTATIVE COURSE OR ASSIGNMENT SCHEDULE

### WEEKLY SCHEDULE

Every week, the schedule will be similar. On Sunday, the News for the following week will open, including a follow-up on the previous week's discussions and relevant information about the upcoming week's assignments. Consider this the "lecture" for the week. Consider printing out the lecture so that you have can take notes on it as you find appropriate.

You have some flexibility in the online community, but any work not completed by Saturday at 11:59 PM will receive a 'O' and cannot be made up for full credit. Additional assignments such as peer editing will tend to follow the post by Thursday / respond by Saturday schedule, but do make sure to carefully review the schedule and look for an updated version each Friday under "News" when the week opens.

I post a detailed schedule in a separate document, available under "Content" and "Schedules." I understand that in the online atmosphere, it is important to be able to plan ahead, so I will make as many units as possible available. Feel free to work ahead on readings and composing your discussion responses, but I do not want you to work too far ahead on writing your compositions as the work we do in class is designed to help prepare you to have a better understanding of the expectations for each composition.
